

# EGG CARTON LADYBUG

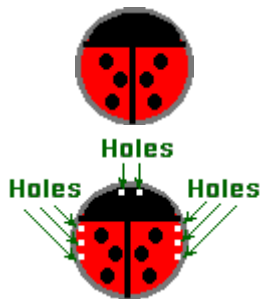

[More Kinder Crafts](#)

[More egg carton crafts](#)

This is an easy way to make ladybugs using egg cartons, crayons or markers, scissors, and pipe cleaners. Googly eyes are a nice touch.

## LADYBUG

1. Separate one cup from an egg carton.
2. Using markers or tempera paint, children can paint the egg carton cup red. Then, using black paint, color in the head, and make spots on the body.
3. Using the point of a scissors, an adult should make 6 small holes (3 on each side) at the base of the cup (these will be for the legs). Make 2 small holes (for antennae) where the top of the head will be.

1. Insert a black pipe cleaner into each a side hole and out the other side for the legs. Use half a pipe cleaner for the antennae.
2. Glue on googly eyes or paint on white eyes.
